

## **Afterglow**

[Verse]

A shadow slept where the sunlight hid  
Whispers cracked like breaking lids  
Silent storms  
They left no trace  
But here I stand  
A softer face

[Chorus]

Afterglow  
Afterglow  
Where the quiet rivers flow  
Afterglow  
Afterglow  
Feel the warmth  
Let it grow

[Verse 2]

The ache once spoke in riddled lines  
Now it hums like ancient chimes  
Colors bloom where gray once stayed  
A canvas bright  
The dark obeyed

[Bridge]

Every scar  
A constellation  
Every tear  
A revelation  
I am whole

I am undone  
Both the moon and the sun

[Chorus]  
Afterglow  
Afterglow  
Where the quiet rivers flow  
Afterglow  
Afterglow  
Feel the warmth  
Let it grow
