

Talk

[Verse]

They say hush

They say no

They build walls

But I won't go

[Chorus]

Talk talk talk

Say it loud

Talk talk talk

Unbowed

[Verse 2]

They fear words

They fear change

They fear truth

It's all too strange

[Chorus]

Talk talk talk

Break the chains

Talk talk talk

Through the rain

[Bridge]

Let it echo let it fly

Shout it up into the sky

No more whispers no more lies

Let the voices amplify

[Chorus]

Talk talk talk

Never fall

Talk talk talk

One and all
