Left to fade, right to burn
Profiles spin, hearts return
Empty faces, lessons learned

Pixel kisses, borrowed lies
Quick connections, faster goodbyes
Matching ghosts in endless scrolls

Swipe me, swipe me
Set me free
Swipe me, swipe me

Swipe me, swipe me
Set me free
Swipe me, swipe me
Delete me

Fingers move, desire's fake
Fingers move, desire's fake

Swipe me, swipe me
Set me free
Swipe me, swipe me

Swipe me, swipe me
Set me free
