

Narcissist Bitch (E)

Cheap oil.
Borrowed time.
House for nothing,
Called it mine.

Burned futures
You didn't need.
Now you teach us
How to bleed.

You crossed the line,
You took the loans.
Built your comfort
On hollow bones.

The bill comes late,
It comes to stay.
And somehow now
we're the ones who pay.

You say "be patient, give it time".
That time was yours.
That time was mine.

Eat your legacy
(Oh-ooohh-oooh-ohhhh)
Eat the Rich
(Oh-ooohh-oooh-ohhhh)

Feel the mutiny
(Oh-ooohh-oooh-ohhhh)
Narcissist bitch

Narcissist bitch

You called it growth.
You cut the ground.
You saved yourselves
When it fell down.

You priced out homes.
You priced out peace.
Told us to cope.
To pay our lease.

You sold the planet
Piece by share.
Kept the profit.
You killed the air.

Some can't breathe.
Some can't start.
Our future dies
On a spreadsheet chart.

You say "be patient, give it time".
That time was yours.
That time was mine.

Eat your legacy
